Waterfowl and Fishing Packages

Within 25 minutes of Tumbleweed Lodge, the Missouri River harbors one of the best migratory flights of Canada geese and one of the top walleye/smallmouth bass fisheries in the country. In December and January the prairie skies fill with Canada geese, speckle bellies, snows and mallards. Hunting over decoys or pass shooting the bluffs are the methods to our success. The waterfowl option is an add-on at $495/day plus applicable license fees . Experience a Cast and Blast! For only $300, swap out a day of hunting to fish the Missouri River. Walleye and smallmouth bass are the primary target, but northern pike and crappie add to the excitement from mid-September to mid-October.

2027-2028 Season

Explore South Dakotas Ultimate Hunting Experience!

We invite you to experience the quintessential South Dakota upland bird hunting experience. Each year we strive to ensure our guests have the opportunity to hunt pheasants in vast numbers once relished in the glory years of the 1950's. Sharp-tail grouse, prairie chicken, and Hungarian partridge also provide a challenge for those seeking the "Grand Slam of the Dakotas".

Our private ranch-style atmosphere is well suited for the discerning sportsman. We have more than 12,000 acres of habitat including native grassland, corn and sorghum fields, shelter belts, creeks, and slough bottoms to ensure ample cover for all upland game. All of this is accessible just by stepping out of the lodge. We are family owned and operated, and have been involved in agriculture for more than 50 years. This gives us the edge it takes to manage our land for the production of upland game as well as crops.

Experienced, Accommodating

We have more than 40 years of experience catering clientele and employers on the corporate spectrum. If you're interested in adding a touch of class for your peers, let us accommodate your party with a first class hunt and amenities desired by VIP's. Our spacious gathering rooms also provide you the opportunity to take care of your business obligations. **Wireless internet access is available throughout the lodge.**

If it is a family hunting adventure you're looking for, we welcome you to bring your son or daughter to a hunt the whole family will cherish (non hunters are welcome). Each hunt is set up to be exclusive, with no mixing of hunting parties that are greater than three. For the first time hunter, we have a professional, national certified shooting instructor available by request.

Many of you know one of the most enjoyable parts of the hunt is admiring the finesse of a hunting dog. Our guide staff takes pride in maintaining the professional quality instilled in our Labs. We also have kennel facilities available for your favorite hunting partner to share in the thrill of the hunt. Let us know in advance if we will be hosting your dog.

"The Swisher/McLane group had an outstanding time at Tumbleweed. The hunting, food, staff and accommodations were all First Class. The guides were not only great, but fun to hunt with." John White, Jr. – Swisher International, Inc.

"Tumbleweed Lodge has the reputation as one of the premier pheasant destinations in S.D. From its 1st class accommodations to its extensive habitat-management program and high bird numbers, Tumbleweed rates with hunters looking for quality gunning. I truly was impressed by every aspect of Tumbleweed, and you can bet that I'll be recommending your lodge to anyone looking for a first-class South Dakota pheasant hunt."
Ralph Stuart – Editor in chief, Shooting Sportsman

"I can't say enough about our stay at the Tumbleweed Lodge. The staff was top tier, the food was superb, and the accommodations were 5 star. The hunting was outstanding due to the meticulous habitat management by the Bollwegs. Our party limited out every day in the field on Pheasant, and had Partridge, and Sharptail mixed in as well. I am sure we will be back to enjoy the wonderful hospitality, and hunting, at the Tumbleweed." ~Chris Tinkle - VP Remington Arms

"There's pheasant hunting. Then there's pheasant hunting in South Dakota. Then there's pheasant hunting at Tumbleweed Lodge!" ~Chris Dorsey, President/CEO Orion Multimedia

"The moment you arrive at Tumbleweed you know you've come to a special place - a wild place." Chuck Weschler - Editor of Sporting Classics
